Our Vision

To be the model for excellence in CRO services.

Our Mission

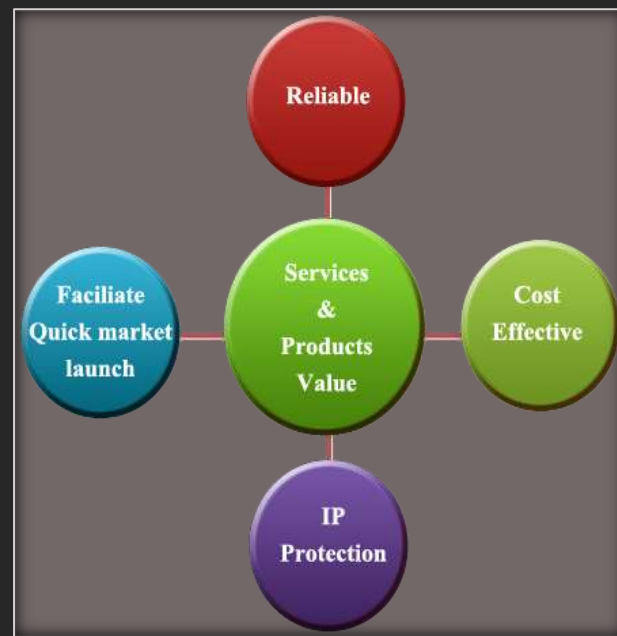

To be a part of your outsourcing team providing high quality custom chemicals through robust process development while minimizing your time to market entry and helping you to control cost.

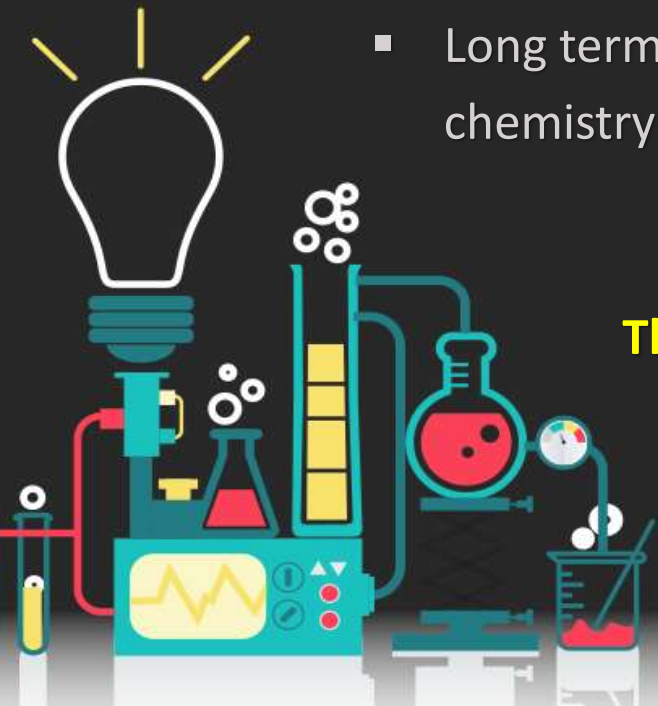

What Core Value can Chemo Dynamics bring to clients?

- Quality material
- Superior service
- GMP facility
- Reduced liability
- Reliability
- Long term service by reinventing chemistry

Think of Chemo Dynamics!

What we offer to our clients?

Price is definitely important but most importantly, we offer

- Innovation at a multiple level
- Quality
- Timing
- Reliability
- IP Protection
- Total Transparency

We focus on doing **CHEMISTRY**

Why Choose Chemo Dynamics?

Salient key features of Chemo Dynamics:

1.

QUALITY

2.

TIMING

3.

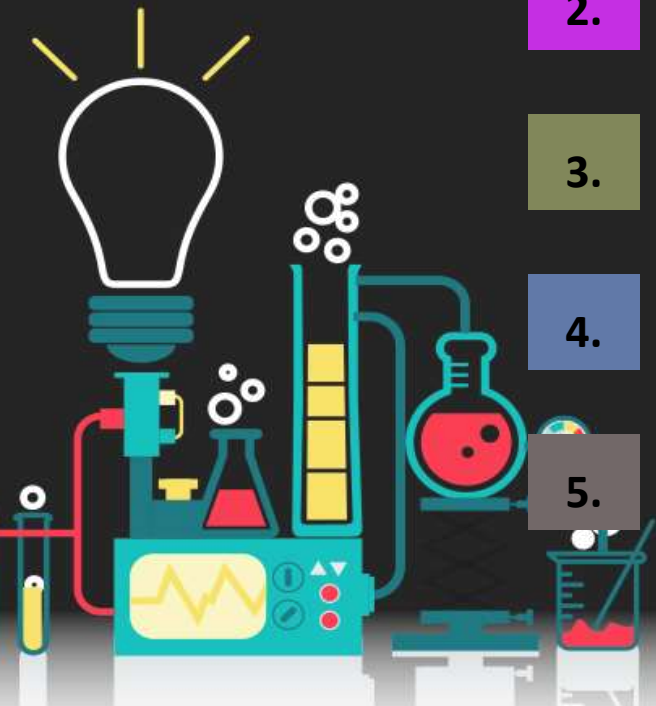

RELIABILITY

4.

PROTECTION

5.

INNOVATION

(732) 721-4700

3 Crossman Road South,
Sayreville, NJ 08872

Why Choose us?

Key Capabilities :

1.

We are responsive & flexible and listen to your expectations in order to meet all your goals.

2.

Well developed, fined tuned processes, low cost, large scale and high quality products manufacture.

3.

Innovative solutions that help manage risks and optimize processes.

4.

Offer extremely high pure material that are best suited for F&F and Pharmacy applications.

5.

Having highly qualified staff with a superior level of expertise, flexibility and broad experience.
